

## *Leader Council Graduates' Luncheon*

Each year the Leader Council of Mercy Home for Boys & Girls honors the accomplishments of its student graduates through this unique event. Here, these young men and women are given center stage, in a sold-out room, where prestigious guests and notable community leaders join in celebrating their triumphs. The program features youth speakers who share their experiences at Mercy Home and describe how education is helping them create change in their lives.

The luncheon is the culmination of the Leader Council's work year round to improve educational opportunities for young people at Mercy Home. The event generates critical funds for tuition, books and educational programs at Mercy Home like tutoring, math and reading remediation, and after school learning programs.

The Leader Council Graduates' Luncheon also allows us to congratulate the young men and women at Mercy Home who have worked hard to overcome complex life challenges and graduate from Chicago-area grammar schools, high schools, trade schools and colleges.

### **Audience:**

The Leader Council Graduates' Luncheon brings together prominent, caring and influential men and women from a variety of industries and professions to help our young people succeed. Industries represented through the event's sponsorship opportunities include communications, education, insurance, labor, law, investment banking, public service, real estate and more.
